SUPERIOR COURT RULES

This legal document, signed under oath, by Prosecutor Steckowych and his agents, US Senator Jeanne Shaheen's husbands law firm, admits to sending out "personal messengers" of death to anyone exercising their 1st Amendment rights and opposing them politically. This lawsuit demands to have all of these recordings confiscated and destroyed. What are they trying to hide??

THE STATE OF NEW HAMPSHIRE

SUPREME COURT

In Case No. 2005-0481, Kerry P. Steckowych v. Gerard Beloin, the court on October 20, 2005, issued the following order:

On September 8, 2005, the defendant was ordered to show cause why this appeal should not be dismissed, because the Hillsborough County Superior Court – North had filed a copy of a notice of decision in this matter, which indicated that the plaintiff’s motion for voluntary non-suit was granted on August 26, 2005. In response, the defendant stated that he seeks to appeal the order of the Hillsborough County Superior Court “that the tapes could not be used in any court of law.” The order attached to the notice of appeal, however, denied the plaintiff’s request for temporary injunctive relief. Hence the order does not specifically enjoin the defendant from taking any action whatsoever.

Consequently, because the underlying matter has been concluded by the non-suit and because the issue purportedly raised by the defendant is not before us in this matter, the appeal is dismissed.

Appeal dismissed.

This order is entered by a single justice (Galway, J.). See Rule 21(7).

Dear NH Voters, January 7, 2011:

My name is Janet Campbell, Architect and I am endorsing Gerard Beloin for US Congress in your state.

Due to my actions here in California, we have uncovered a taxpayer rip off scheme that was robbing the taxpayers of California of hundreds of millions of dollars per year, in education funding money while teachers were being laid off. On June 30th, 2010, four major manufacturers verified the scam and its' exorbitant cost to California taxpayers in a hearing before the California Legislature.

At the beginning of the hearing, legislators were asking why the hearing was necessary. After the State Auditors' testimony, **the same Legislators were standing up screaming, asking why those people were not in jail. One legislator called it a "License to Steal".**

In our state, the California State Auditor acted in a professional and ethical manner by following up on the reports. The CA Attorney General looked the other way.

Gerard has been standing up against political corruption in New Hampshire that involves the very same national scam that targets public taxpayer dollars, particularly schools. He is one of four known for speaking out to expose this scam that has spread across the nation. His actions have also helped change the laws in Indiana.

His outspoken bravery in NH, documented by the recordings, has helped California pass a law in two months, this August that normally takes two years. That law will go a long way to helping end "The Scam" here.

In New Hampshire, I understand that Gerard's opponent in the race is Congressman Charlie Bass. When he had the opportunity to do something about "The Scam" he looked the other way. If you are going to judge a politician by their actions then Gerard Beloin is clearly the better choice.

I'm very familiar with what is going on in NH and have written several letters supporting his allegations. The very same companies being investigated here in California for criminal activity were apparently given the green light to operate freely in NH by Attorney General Kelly Ayotte. It appears that agents for the State of NH are committing acts bordering on MOB-like activities. I spoke to Gerard often before he found it necessary to defend himself from threats by taping agents for the State. He sounded just like the rest of us.

Due to Gerard's political activities, he has been put through the wringer. Does the 1st Amendment still exist in NH? This was allowed to happen because the voters of New Hampshire are being misled by those who are committing, aiding and abetting such criminal activities.

You have a clear choice in this election and the choice you make will tell the world who you are. **Since 2004, Gerard Beloin has proven through his deeds that he is a man of his word and his actions have been instrumental here in California in effecting the change in our laws.**

Sincerely,

Janet C. Campbell , Architect

To the Voters of the State of NH,

My Name is Doug Wicks and I strongly endorse Gerard Beloin in the US Congress in NH.

A few years ago, I revealed a public bid rigging scheme that ripped off the taxpayers in NJ to the tune of millions of dollars. I blew the whistle on the scheme, and had the **State of NJ Commission of Investigation** take action. [I was the driving force behind their investigation that determined there was massive "waste, fraud and abuse" of the taxpayers dollars in school roofing projects in N.J.](#)

All across the country, teachers are being laid off while billions of education funding tax dollars are being diverted from the taxpayers by corrupt public bidding schemes involving educational facilities. Identical school roofing scams have been exposed in Arizona, Indiana, Ohio and most recently the State of California. [In California, the state legislature is currently investigating a similar bid rigging scheme involving hundreds of million of dollars of corrupt roofing bids.](#)

In NH when Mr. Beloin exposed a similar pattern of corrupt bidding practices run by the very same corrupt roof material companies operating in other states, he was threatened and told to stop his investigations or he would be harmed. When he recorded the threats on tape, law enforcement, instead of protecting him, prosecuted him for a violation of law. When all of the charges were dismissed with prejudice, the state pursued repeated lawsuits against him, nineteen in all. I believe Mr. Beloin is undefeated in the courts as a Pro Se litigant. I understand that the State of NH has failed to prosecute any of the persons that threatened Mr. Beloin on the tapes.

What's going on in NH?? Whatever it is, I feel that Mr. Beloin is the candidate with the track record and the spine to investigate corruption and make sure it is prosecuted. I've known Mr. Beloin now for nearly ten years and he has never been anything but straight forward and honest in his dealings with me. I expect that this will continue in his representation of the citizens of the State of NH as their US Congressman.

The tax and spend environment that is entrenched in Washington DC inevitably leads to waste fraud and abuse of the taxpayers dollars. Mr. Beloin is one candidate in the race with a proven record of fighting for the taxpayers. As a US Congressman we know where he will stand because he has demonstrated where he stands when it comes to restoring integrity and honor in the US House of Representatives.

Dear New Hampshire Voters,

America needs leaders like Gerard Beloin who aren't afraid to stand up to corruption that is destroying our country. Confronted with death threats, Mr. Beloin has already proven that he's not afraid to stand up to political bullying, and he continues to do so because he is an honest man of principle.

I heard a television news pundit say that New Hampshire political corruption is some of the worst in the country. After hearing the story of Gerard Beloin, I had to agree. If men like Gerard Beloin are silenced, the reputation for your state will only get worse. I've been amazed by Gerard's bulldog tenacity, and if he is elected, I have no doubt that he will restore the public trust.

I fought the same type of taxpayer rip-off scheme in Indiana by the very same company that my co-patriot is fighting in your state. In fact, Gerard has been a valuable resource in my quest for accountability and justice. As a result of our combined efforts, Indiana's attorney general put a stop to the corruption involving no-bid roofing contracts that were costing taxpayers millions of dollars each year.

Gerard Beloin has exposed the same type of corruption in your state and is still fighting against well-connected politicians who are reportedly making a living off of it. They're still trying to silence Gerard Beloin, but we must not let them succeed.

If you're tired of the status quo in our country and the state of New Hampshire and desire change, you must get behind the candidacy of Gerard Beloin for US Congress. If I were a citizen in New Hampshire, I would proudly cast my vote for him.

Sincerely,
